

Future Schools

Our Approach

Our aim is for every girl to achieve her best. Our girls progress to some of the most prestigious schools in the country, both state grammar and independent, including Wycombe Abbey, The Royal Masonic School, Cheltenham Ladies' College, Berkhamsted School, Beaconsfield High and Dr Challoner's High. It is our strong belief that girls and their parents should be offered a wide range of schools from which to choose at age 11. Many girls will take both the Buckinghamshire County Secondary Transfer Test (11+ examination) and entrance examinations for a leading independent senior school.

As an independent school, our curriculum is tailored to suit the needs of all pupils. This includes skills and knowledge taken from the National Curriculum and the Independent Schools Examination Board (ISEB) to best prepare pupils for any entrance examination they sit. We prepare girls for the various 11+ assessments through exposure to paper and pencil and online exam style questions as well as timed assessments, end of topic tests, weekly timetabled lessons in verbal and non-verbal reasoning skills and interview practice.

Positive feedback from both local grammar and independent schools confirms that the emphasis we place on personal development, attitude and approach to learning serves the girls well in their secondary education.

Buckinghamshire Secondary Transfer Tests (11+)

In Year 6, many girls take the Secondary Transfer Test (formerly 11+) for entry into the local grammar schools, including Chesham Grammar School, Dr Challoner's High School and Beaconsfield High School. The tests consist of questions in verbal reasoning, numerical reasoning and non-verbal reasoning.

Entrance Examinations and Scholarships for Independent Senior Schools

Through small tutorial type sessions, girls are prepared for scholarship examinations, with a high rate of success in academic, music, drama, sport and all-rounder scholarships.

Our Results

Our girls achieved a 70% qualification rate in the most recent Secondary Transfer Test (11+), making them eligible for a grammar school place. This is the 5th consecutive year they have achieved 70%+.

Our girls have also received multiple offers and some have been awarded scholarships to excellent independent senior schools.

Details of senior school offers for the past four years can be found on the facing page.
